

CHOCO KEBAB

The state-of-the-art choco kebab machine holds the chocolate cylinder, kept at the perfect temperature to maintain its freshness and consistency. The pancake is made with quality ingredients using the choco pita machine. Slices of the creamy chocolate are taken from the cylinder and stuffed into the crepe-like pancake. You can then choose from an array of toppings like fresh fruit, caramel and whipped cream.

Treat customers to a delicious chocolate kebab with tasty milk and white Italian chocolate wrapped with soft and light freshly made choco pita. Top the mouth-watering treat off with a selection of cream, sprinkles or whatever your heart desires, this is one dessert not to be missed!
