

LVS344PM

Product Family	Dishwashers
Commercial width	60 cm
Commercial height	85 cm
Installation	Free-standing
N° baskets	3, FlexiDuo
Motor	Inverter 2.0
Type	Semi professional
EAN code	8017709307356

Programme / Functions

N. of programmes	10+1	Auto sensor 45-65	Yes
Washing temperatures	45, 50, 65, 70, 75 °C	Mix	Yes
Soak	Yes	Intense	Yes
Crystal	Yes	Self clean	Yes
Crystal Pro	Yes	Hygiene 99,9%	Yes
Full express - 60 minutes	Yes	Ultra Express	Yes
ECO	Yes		

Options

Dry Assist+ option	Yes	1/2 load FlexiZone option	Yes
Delay timer option	Up to 24 hours	Professional option	Yes

Baskets

Basket colour	Grey	Sliding Guides Extra	Yes
Basket components colour	Grey	Glide	
		Largest loadable dish in upper basket	19,0 cm
		Lower Basket	With 4 foldable racks

Handle	In plastic with stainless steel insert on upper and lower basket	Lower basket with anti-drip inserts	Yes
Upper Basket	With 3 foldable racks	Largest loadable dish in lower basket	30,0 cm
Glass holder	Yes	Colour Inner Components	Blue
Height adjustment of the upper basket	On three levels (5 cm)		

Technical Features

Width (mm)	598 mm	Turbidity sensor Aquatest	Yes
Depth (mm)	600 mm	Flood protection system	Total Acquastop
Display type	LED display	Water supply	Single; cold/hot water max. 60°C - energysave with hot water up to 35%
Product Height (mm)	850 mm	Max water hardness	100°FH;58°dH
Controls	Electronic	Drying system	Natural condenser drying, with Dry Assist + automatic door opening system at the end of the cycle
Display	Delayed start, Programme time indicator, Time to end indication	Tub material	Stainless steel
Programme graphics	Symbols	Filter	Stainless steel
Salt light indicator	Light	Concealed heating element	Yes
Rinse aid indicator	Light	Hinges	Self balancing with fixed hinges
Progress indicator	Yes	Adjustable feet	Just for levelling
End of cycle indicator	On display, with acoustic signal	Back cover	Yes
Washing system	Planetarium	Depth of dishwasher with open door (mm)	1168
Third spray arm	Single	Removable top	Yes, with optional KIT
Water softener	With electronic setting	Top cover	In plastic

Performance / Energy Label NEW 2019

Energy Efficiency Class	C	Programme duration	4:25 h:min
Energy consumption [per 100 cycles, based on the eco programme]	75 kWh	Airborne acoustical noise emissions	44 dB(A) re 1 pW
Rated capacity (ps)	14	Airborne acoustical noise emission class	B
Water consumption [per cycle]	10,5 litres	Energy efficiency Index (EEI)	43,8

Electrical Connection

Connected power	5450 W	Frequency (Hz)	50 Hz
------------------------	--------	-----------------------	-------

Current	32 A	Type of connection	Single-phase
Voltage	220-240 V	Power supply cable length	200 cm

Not included accessories

KITPLV2

Kit extension for dishwasher and washing machine: lenght mt. 2

KITGH

Kit glass holder. It has to be fitted on the first basket but only if there are foldable racks

Symbols glossary (TT)

	The Aquatest sensor is an electronic sensor that measures the degree of water transparency at the end of the initial soaking phase. Based on the values measured, the sensor sets the most suitable programme, thus obtaining the best washing results with the minimum amount of water.		To improve the drying of dishes without leaving stains.
	Delay Timer: Option to postpone the start of the desired programme by up to 24 hours in order to programme the dishwasher to run at the desired time.		FlexiDuo: The FlexiDuo 3rd cutlery basket allows you to arrange cutlery or small cups, ladles, or bulky utensils however you like: it consists of two separate and moveable modules.
	FlexiZone: The ½ load flexizone allows you to wash a reduced load saving energy, water and time and there are no restrictions on where the items are placed.		The ExtraGlide guides system makes the second basket run even smoother and softer. It facilitates movement even when fully loaded, and thanks to the increased excursion, facilitates the insertion of dishes into the basket.
	Noise Level: Excellent insulation and special devices keep noise to a minimum.		The Planetarium washing system, with high rotations per minute, guarantees complete coverage of the tank, thanks to the simultaneous rotation of base and sprayers, and excellent washing results.
	Auto 45°- 65°: The auto programme regulates the length of a cycle depending on the need for a pre-wash and the number of rinses required.		Crystals: The Crystals programme is dedicated to delicate dishes such as glasses and china.
	Eco: Eco, this economic wash programme uses a low amount of water and energy in order to provide the most environmentally friendly cleaning option.		Mix: The Mix programme is suitable for mixed crockery and everyday pots and pans, without any particular incrustation.
	Soak programme: The soak programme provides a rinse to prevent dirt from drying.		Ultraclean: The Ultraclean option performs a final rinse at a high temperature of 70°C eliminating virtually all bacteria.
	Professional: Option Professional enables to convert household appliances into semiprofessional ones due to the programs which significantly reduce washing time to obtain an astonishing 16 minutes cycle.		Quick Time: The Quick Time option can reduce the length of the wash cycle up to 55%.
	14 place settings: Number of place settings.		Total Acquastop: In addition to the partial Acquastop protection present in all Smeg dishwashers, some models have an electronic device fitted to the water intake hose, which monitors water levels in the machine, detects leaks in the hose and switches off the water supply immediately when necessary.

System WaterSave ensures the best washing results with minimal water consumption depending on the model of dishwasher.

Dishwasher cleaning cycle. The cycle should be started with the machine empty, without dishes. It is recommended to run the program every 2-3 months, using special dishwasher detergents.

The Dry Assist + option, in addition to saving energy, ensures perfect drying of the dishes by opening the door automatically at the end of the washing cycle.

HYGIENE 99.9% High-temperature washing programme. The 75° rinse guarantees the removal of 99.9% of germs and bacteria.

Quick wash cycle for normally soiled mixed loads such as dishes and pans, even with dried-on residues. Dishes are washed and dried in 60 minutes.

Special quick program for washing glasses.

Energy efficiency class C

The work aimed at continuous improvement has allowed the creation of the second generation of the Inverter motor 2.0, characterised by greater efficiency and durability over time, which allows very high performance and a lower energy consumption and noise level.
